47220 Angle Adapter for Slope Nose Trailers (shown w/ standard bracket #47210 and assembled top-mount pivot)

5/1-Year Power Kits

### Power Kit #38206 Features:

- 5-Year Motor Warranty / 1-Year Arm Warranty
- Universal Mount
- Limited Adjustable Spring Tension

• **Universal Mount...** works on square or slope nose

## Popular TarpStretcher® Power Kits:

### 5/5-Year Arm Warranty

#### Single Arm Power Kits

Part No.	Description / Mount Style
38200	Square Nose Mount

#### Dual Arm Power Kits

Part No.	Description / Mount Style
38203	Catwalk Mount

### 5/1-Year Arm Warranty

#### Dual Arm Power Kits

Part No.	Description / Mount Style
38206	Dual Arm, Universal Mount

#### Single Arm Accessories:

Part No.	Description / Mount Style
36940	Axle Adapter 1" OD shaft to 2" ID tube
38510	Tarp Return
47220	Slope Nose Adapter Only

Call for Additional Kit Variations

## Popular TaskMaster® Hopper Door Power Kits:

### Double Hopper Door Kits & Accessories

Part No.	Product
34150	Double Power Kit, with Black Box™ Wireless Controls
34155	Double Power Kit, High-Speed for Strap Doors Only with Black Box™ Wireless Controls

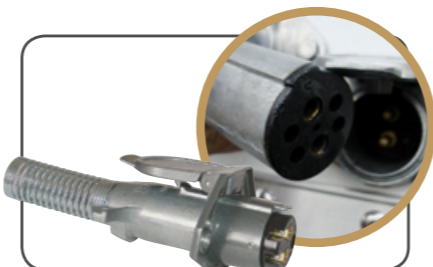

Call for Additional Kit Variations

## Accessories...

### 39067 Worklight Kit

- 2 30-Watt Bulbs
- Terminals & Wire

### 12760 Dual Conductor Plug Set

- Accommodates 4 or 6 ga. wire

### 38510 Tarp Return (patent pending)

- Over 3X pull back force of average bungees
- Longer life than bungees
- Heavy 1" webbed strap unaffected by cold
- Easily retrofits existing bungee, cable or spring returns

Roll-Rite® — Clearly the Best.

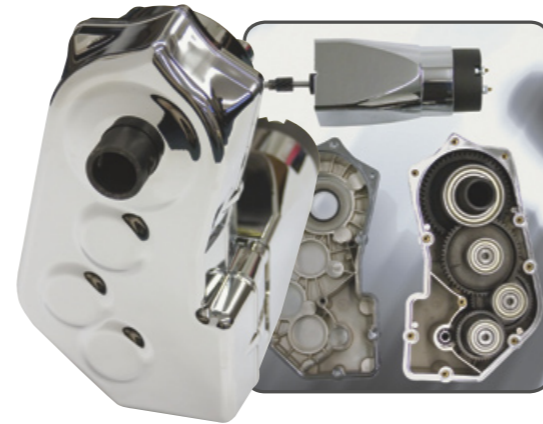

1-800-297-9905

## The TarpStretcher® Motor:

The TarpStretcher® is designed exclusively for roll tarping. Standard on our patented knuckle arm power kits, the TarpStretcher® features our patented brake technology.

- **Engineered ...** for high torque tarping demands of side roll tarping.
- **High-Polished...** Chrome-plated casing, designed for virtually corrosion-proof protection, adds a distinctive profile to your truck for a professional appearance.
- **5-year Warranty...** Industry's only Non-prorated warranty against premature wearout. The TarpStretcher® gear motor is warranted for a period of 5-years from date of shipment.

## The TaskMaster® Motor:

Roll-Rite's "thru-shaft" technology is powering applications for power conversions across several new industries. This innovative hollow shaft gear motor featuring our patented brake technology powers even hard-to-crank **grain doors**.

The powerful **TaskMaster™** electric gear motor delivers the necessary torque for large, hard to crank doors. **TaskMaster™ HS** (high-speed) kits are **only** recommended for strap or belt-style doors.

## TaskMaster® Power Kits for Hopper Doors

Easy install and operation. Retrofit your hopper doors for crank-free operation. Roll-Rite® hopper door power kits include all necessary wiring, mounting equipment and feature...

- **Manual Override...** easy, one-pull pin access allows crank through in case of power failure - No disconnecting one shaft to reconnect another.
- **Limit Switches...** allows for convenient in-cab operation. Two limit switches included per door. Kits without limit switches are also available.

Single Hoppers

Limit Switch

Dual Hoppers

As with any electrical components, adequate protection from debris and corrosion is highly recommended (dealer or user fabricated debris guards are illustrated in photos).

Climbs Heaped Loads Without Assistance!

Smooth, Compact Arm Operation

## The Knuckle Pivot Technology:

Roll-Rite® power kit arms consist of a specially treated, high strength extruded aluminum alloy. Combined with our patented knuckle pivot technology, the power kit arm provides smooth compact operation for roll tarping. Standard mounting bracket, electric kit and necessary wire are included.

- **Patented Knuckle Pivot Technology...** allows axle to climb heaped load and keeps constant tension on tarp for maximum control in wind conditions.
- **Lock-Down Coverage...** offers maximum load protection and containment.
- **Single Arm Power Kits...** can be operated with standard rear bungee assisted return or with our innovative spring-powered rear tarp return (shown under Accessories on the center back page).
- **Dual Arm Power Kits...** feature our front power kit arm and a rear synchronized arm to support the rear axle end and provide ultimate wind protection.

Black Box™ Wireless Controls

## The Black Box™ Wireless Controls:

Our Black Box™ wireless controls, with remotes and keyfob retainer clips, features an all-new design:

- **New Buttons...** Sealed membrane push button operation and new work light button with remote control access.
- **Worklight Feature...** can power LEDs — or up to 2 - 30 watt light bulbs. (Worklight kits sold separately on center back page)
- **Improved...** Now meets SAE International Standard for Heavy Duty Vehicle Applications (SAE# J1455).
- **New & Improved External Connections...** pre-wired for fast "install-ready" hookup.
- **Automatic Timed Lockout...** No Key lockout needed. Press Ch1 and Ch2 buttons or keyfob to unlock or re-lock.
- **360° Walk-Around...** remote operation allows more control over tarp functions to help avoid load obstructions and allow operator to stand clear of grain discharge when used with our hopper power kits.
